## City of Gardens

Here is a city offering an intriguing mixture of all that is truly Canadian, with the delightful influence of old English tradition.

It is a city of picturesque and stately homes, historical buildings, a quantity of small personalized shops and modern department stores, modern accommodations and excellent restaurants, and ample amusement for the visitor.

Visit the famous Parliament Buildings, Thunderbird Park, historical naval and other museums, flower beds in a blaze of colour. Flowering, tree-lined avenues; numerous scenic golf courses and enjoy the warm sunshiny days and cool nights, free from humidity.

Walk slowly along the avenues of Victoria, Capital City of British Columbia, and enjoy the leisurely way of life bequeathed by the early English settlers. Enjoy the interesting shops with their atmosphere of personal attention so reminiscent of old world charm.

### FISHING & HUNTING

Southern Vancouver Island is truly the "Utopia of the Pacific" for the salt water sports angler, with a wide variety of game fish including the mighty Chinook, King of Salmon, or the fighting Coho. Hunting is good in Vancouver Island Forests. Elk and deer are the most popular but grouse, black bear and cougar are also plentiful over a wide area. Ducks, geese and brant are taken during the hunting season.

### FIREARMS, FISHING TACKLE

A visitor does not require a Federal permit to possess rifles, shotguns, or fishing tackle in Canada. He must provide Canadian Customs with a description of such equipment. *Such permission does not give the right to hunt or fish.* There are specific laws in all provinces which must be observed. Non-resident licences are required for each province where the visitor plans to hunt or fish. When rifles and shotguns are carried in transit the visitor should ensure that he is familiar with the laws of the provinces in which he is travelling. Regulations may be obtained from the Canadian Government Travel Bureau, Ottawa, Canada. *Revolvers, pistols, and fully automatic firearms are prohibited.*

### CUSTOMS INFORMATION

**IMPORTANT TO U.S.A. RESIDENTS:** United States residents returning from Canada may take back, once every 31 days, merchandise for personal or household use to the value of \$100, free of United States duty and tax, providing they have remained in Canada 48 hours. The exemption will be based on the fair retail value of the articles acquired and goods must accompany the resident upon arrival in the United States. Members of a family household traveling together may combine their personal exemptions—thus a family of 5 could be entitled to a total exemption of \$500. Up to 100 cigars per person may be imported into the U.S. by U.S. residents, and also one quart of alcoholic beverages if the resident has attained the age of 21 years. If however the State laws of residence prohibits importation of any such goods United States Customs will not clear.

#### VISITING CANADA FOR LESS THAN 48 HOURS

Residents of the United States visiting Canada for less than 48 hours may take back for personal or household use merchandise to the fair retail value of \$10 free of United States duty and tax. One of the following may be included: 50 cigarettes, 10 cigars, one-half pound of manufactured tobacco, 4 ounces of alcoholic beverages, or 4 ounces of alcoholic perfume.

If any article brought is subject to duty or tax, or if the total value of all articles exceeds \$10, no article may be exempted from tax or duty.

Members of a family household are not permitted to combine the value of their purchases under this exemption.
